WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

DESCRIPTION OF INSTALLATION

Road Service

The installation is located within the Panfilov urban road network.

Aircraft Landing Strip

A natural surface landing strip approximately 3,100 ft long is located approximately 3 km southeast of the installation.

Administration and Troop Housing Areas

Area D1 is walled and contains 14 probable barracks, 1 possible messhall, 2 probable administration buildings, and 8 storage buildings.

Area D2 is walled and contains 1 possible auditorium and 2 administration/support buildings.

General Storage Area

Area E is a secured area with probable

open storage and 6 probable storage buildings.

Ammunition Storage Area

Area F contains 8 possible ammunition or POL storage bunkers and 2 probable support buildings.

Other Buildings

Several small support sheds are located throughout the complex.

Equipment Storage/Maintenance Area

Area J is walled and contains 4 L-shaped vehicle sheds (two 35 by 240 feet, one 35 by 180 feet, and one 35 by 250 feet), 2 probable vehicle repair buildings, and 10 storage support buildings.

Athletic Field

Area K is an athletic field.
